PLACEMENT AND TRAINING CENTRE

What We Do . . .

Empowering students by enhancing Employability Quotient

Achievement is a target won by training and habituation. To make the students confident and prepare them for placement, IARE PAT Centre provides every student an extensive 'Training for Improvement of Placement Skills' (TIPS). PAT challenges the traditional practice of providing placement quotient development training to students only during their pre-final or final year. Realizing that, this is a 'too little too late' approach, PAT provides well-structured & comprehensive training from the very first year with regular internal assessment to enable our students to be high achievers in Campus Placement.

Training Schedule for B.Tech

Placement Skill	Programmes	Focused Objectives	Weekly contact hours per semester					
			II Year I Sem	II Year II Sem	III Year I Sem	III Year II Sem	IV Year I Sem	IV Year II Sem

Pragnya Tests: A unique tool to test your calibre

Pragnya Tests is a unique knowledge assessment tool with an immediate rating meter that helps you present yourself at the job market. PRAGNYA TESTS believes in the concept of "Practice makes man perfect". It is a very useful parameter to test your caliber and exhibit your skills. Currently, it has 72 skill set tests and allows you to take an overall test on the skill set of your choice. Pragnya Tests score will be reflected in your web page of STUDENT CORNER thus helping you get across good job openings.

m-learning: A new path in e-learning process

m–learning is a new path in learning process. It facilitates conceptual learning with knowledge acquisition. It is a complete package of all the courses consisting of around 12 courses, more than 6000 multiple choice questions and 2000 interview questions (till date) for rigorous practice. We adopted 5p's concept for our student skill growth.

Planning   Preparation   Presentation   Practice   Personality

Spark of the corporate: An inspiration path in your career journey

Spark of the corporate is an innovative approach of IARE. Every fortnight we introduce a successful personality in the emerging corporate world. Spark of the corporate explains the successful journey of the corporate business world. The journey of each spark is designed to ignite the real spark of the audience.
