COMPUTER SCIENCE AND ENGINEERING

ATTAINMENT OF COURSE OUTCOME - ACTION TAKEN REPORT

Name of the faculty:	Ms. K RASHMI	Department:	Computer Science and Engineering
Regulation:	IARE - R18	Batch:	2018-2022
Course Name:	Computer Networks	Course Code:	AITB10
Semester:	V	Target Value:	70% (2.1)

Attainment of COs:

	Course Outcome	Direct Attainment	Indirect Attainment	Overall Attainment	Observation
CO1	Demonstrate the ability to unambiguously explain networking as it relates to the connection of computers, media, and devices.	0.90	2.60	1.2	Not Attained
CO2	Understanding of the basic concepts of data communications including the key aspects of networking and their interrelationship, packet switching, circuit switching and cell switching as internal and external operations, physical structures, types, models, and internetworking.	0.90	2.60	1.2	Not Attained
CO3	Illustratively explain the concept of Hamming distance, and the significance of the minimum Hamming distance and its relationship to errors as well as detection and correction of errors in block codes.	2.30	2.70	2.4	Attained
CO4	Evaluate the performance of a single link, logical process-to-process (end-to-end) channel, and a network as a whole (latency, bandwidth, and throughput).	3.00	2.60	2.9	Attained
CO5	Distinguish between the different types of bit errors and can explain the concept of bit redundancy and how it is generally achieved in the facilitation of error detection and the main methods of error correction.	3.00	2.70	2.9	Attained
CO6	Explain and demonstrate the mechanics associated with IP addressing, device interface, association between physical and logical addressing, subnetting and supernetting.	3.00	2.60	2.9	Attained

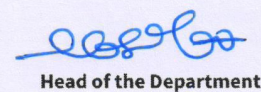

Action Taken Report: (To be filled by the concerned faculty / course coordinator)

CO1: A seminar will be arranged on Basics of Computer networks by Senior Professor to make student understand the importance of fundamentals of networking in day to life.

CO2: Real time practical applications on categories of data communication systems, will be discussed as exercise to make student realize its importance in digital communication.
