STUDENTS LIFE

Our 'SkillUP' To You

The SkillUP Program is a student success program dedicated to providing the help and support needed to succeed in engineering.

IT provides engineering students with academic advising, cutting edge technology workshops, hackathons, career guidance, and professional and personal development opportunities.

It helps students keep up with classes, study for exams, discover where they best fit in the college community, and find balance between their personal and academic lives.

SkillUP is open to all undergraduate students in the college and provides a positive learning
